We can tailor wine tasting packages in several ways. Here is one option.

First, tour the Desilu Playhouse in Jamestown, which features replicas of the famous television sets, original costumes, and a chance to act out the “vitameatavegamin” commercial. Then wander through the Lucy-Desi Museum, with eight rooms of memorabilia, including Lucy’s 1972 Mercedes. Shop in gift shops that offer hundreds of Lucy-themed items.

Enjoy lunch in the Tropicana Room while watching the “*I Love Lucy*” episode, “Lucy’s Italian Movie,” (the grape-stomping episode.). Then it’s on to 21Brix winery for a wine tasting. If you book in September or October, they’ll even give you a chance to do some grape stomping of your own!

21 Brix is surrounded by grape vineyards and cherry orchards, which provide a beautiful backdrop to enjoy finely crafted wine. Visit the spacious tasting room, sample wines and browse the gift shop. September or October tours can include grape stomping.
